

PROBIOTICS FOR THE WORST GRIME

**MIGHTY**  
WITH MICROBES

A tough-as-nails, earth-friendly degreaser that is readily biodegradable and preferred for heavy duty cleaning

700ml

**MIGHTY**

# MIGHTY

This product is ideal for use on all washable surfaces soiled with tough dirt, oil and grease residues.

A tough as nails, earth-friendly degreaser that is readily biodegradable and preferred for heavy duty cleaning. This degreaser incorporates cleaning enzymes produced by indigenous microbes. Microbes keep drains and cloths odour-free and keeps greywater fresher for longer. This product is septic-safe.

## Responsible

Completely Eco-friendly | Readily Biodegradable | Packaging is re-usable and recyclable | Never tested on animals | Plant-based ingredients | All suppliers Roundtable on Sustainable Palm Oil (RSPO) certified

## Intelligent

Active indigenous bacteria incorporated into the product produce enzymes that degrade fwaeste: Protease, Lipase, Cellulase,  $\alpha$ -amylase | Odour control | Solids breakdown | Removes phosphates, nitrates, nitrites, ammonia from waste water | Reduces chemical oxygen demand (COD) | Breaks down fats, oils and greases

## Safe

Non-carcinogenic | Non-genetically modified | Non-pathogenic | Free from Chlorine bleach, Triclosan, EDTA, Phosphates, 2-butoxyethanol, Phthalates, Paraben, Ammonia, High VOC glycol ethers, Formaldehyde

## Direction for use

Shake well prior to use. Spray liberally onto soiled surface and leave for five minutes. Scrub with a natural scourer or brush where necessary. Rinse and dry. Also suitable for spot cleaning laundry or soaking dish cloths.

Heavy Duty: Use undiluted

Spot Cleaning: Use undiluted

Medium Duty: Dilute 1:20

Light Duty: Dilute 1:100

## Storage

Store in a cool, dark place. The product is stable for 1 year between 4 and 40°C.

Due to the use of natural colourants, colour changes may occur.

## Ingredients

Completely biodegradable surfactants, including liquid glass | Low VOC eco-friendly degreasers | Food grade colourants | Gentle and biodegradable fragrance | More than 10million CFU/ml of naturally occurring, indigenous, safe bacteria (Bacillus spp)

## Specifications

Colour: Yellow

Appearance: Liquid

Smell: Citrus | pH: 12.0  $\pm$  1.0

Active bacteria in spore form:

1 x10<sup>7</sup> CFU.ml-1

## Product Variants

**700 ml Spray bottle RTU (Ready to Use)** | Handy foam / spray trigger. Bottle can be refilled | **50 ml concentrate refill** | Pour content of sachet into any 700ml, and add 650ml water. Shake well. After dilution this soap is the same strength as the soap that was originally in the 700ml bottle. It can be used neat or diluted further as per directions for use | Glass bottle accepted back for reuse | **5l Plastic jerry can RTU (Ready to Use)** | Refill 700ml spray bottle or any empty bottle you choose to use | Empty jerry cans accepted back for reuse | **5l Plastic jerry can concentrate** | Ideal for guest houses, hotels or cleaning companies. Purchasing soap in concentrated form reduces the carbon footprint over the life cycle of the product because it takes less space during transit and uses less packaging | Dilute 1:14, so that 50ml refills the 700ml spray bottle, 70ml refills a 1l bottle and 335ml refills the 5l bottle. After dilution this soap is the same strength as our RTU products. It can be used neat or diluted further as per directions for use | Empty jerry cans accepted back for reuse
